

Chapter 2 Island/Beach Project Rubric

Name(s): _____

Specific Beach/Location: _____

Criteria	Weight	4	3	2	1
Content: Geological Formation Explain how the island/beach formed, why the beach/landscapes looks the way that it does. Were plate tectonics involved?	x4				
Content: Human recreation Explain and show what people can see and do at this location. Why should people go there? Pretend that this is an advertisement for your beach/island.	x3				
Content: Food What foods come from your location and are considered local?	x3				
Visual: The text is easy to read (this is an aesthetics criteria - not reading level) and there aren't too many words on each slide.	x1				
Visual: Diagrams/visuals are used to enhance the text and clearly stand out.	x1				
Video: The video works and is professional. All images are clearly shown, text/pictures aren't cut off, and music is appropriate.	x2				
Video: The timing is right. Each slide isn't up for too long, but there is still enough time to read through all the content. The video is at least 2 minutes in duration.	x1
